PROFESSIONAL SUMMARY

Data Analyst & Power BI Specialist with 8+ years of total professional experience, including 4+ years dedicated to data analytics, reporting automation, and business intelligence (initiated at Byju's in 2020). Expertise in SQL, Power BI (DAX, Data Modeling, RLS), and Advanced Excel to build executive KPI dashboards, streamline ETL workflows, and transform operational metrics into revenue-driving insights.

TECHNICAL SKILLS

BI & Visualization: Power BI (DAX, Power Query, Data Modeling, RLS, Service), Tableau, MS Excel (Pivot Tables, Power Pivot, VLOOKUP/XLOOKUP)

Database & Querying: SQL (Complex Joins, CTEs, Aggregations, Subqueries, Stored Procedures, Views)

Data Tools & Languages: Python (Pandas, NumPy basics), ETL Pipelines, Git, JIRA, ERP Software Databases

Business Competencies: Customer Retention Analytics, Sales & Revenue Analytics, KPI Dashboards, Root Cause Diagnostics

CORE DATA ANALYTICS EXPERIENCE

Data & Technical Support Analyst — Edunext Technologies Pvt Ltd

Sep 2024 – Present

- Analyzed relational ERP databases using SQL to run root-cause diagnostics and fix recurring system data discrepancies.
- Automated operational Excel and Power Query reporting pipelines, reducing client ticket resolution cycles by 25%.
- Extracted user activity and error logs to deliver actionable analytical feedback to software product managers.

Data Analyst – Sales & Operations — RMNDVAP SOLAR SOLUTIONS

Feb 2022 – Apr 2024

- Extracted and structured regional lead funnels, sales conversion rates, and campaign performance datasets using SQL and Excel.
- Designed dynamic Power BI dashboards with custom DAX calculations to track customer acquisition costs and ROI metrics.
- Replaced manual weekly spreadsheet reporting with automated Power Query workflows, saving 8+ hours per week.

Data & Operations Analyst — Byju's

Dec 2020 – Dec 2021

- Analyzed student learning engagement trends and app usage data to identify churn risk and optimize renewal sales conversions.
- Built weekly KPI performance dashboards in Excel to track sales pipeline metrics and client technical support tickets.
- Performed data cleaning and segment analysis on customer leads to support target marketing campaigns.

EARLIER PROFESSIONAL EXPERIENCE

Senior Executive – Telecom Operations — HCL Technologies

Mar 2020 – Nov 2020

- Managed international client telecom accounts, resolved escalations, and maintained service delivery SLAs.

Technical Content Writer & Researcher — Techodecs Technology

Oct 2018 – Jan 2020

- Researched quantitative data and authored structured technical research papers and project documentation.

Customer Support Executive — Teleperformance (UberEats) / Siddhi Vinayak

Apr 2014 – Dec 2017

- Provided operational data support, compensation processing, and account resolution for international clients.
